

## ***Attention MBE, WBE and DBE Firms!***

*Fasco Inc. invites you to bid on our projects and to submit a proposal for your area of work. Whenever possible, the work will be broken down or combined into economically feasible units to facilitate participation by all firms, large and small. Please review the divisions of work listed in the front of the specifications and contact us if we can be of any assistance.*

*Fasco Inc. welcomes participation by all MBE, WBE and DBE concerns. Please contact us prior to bidding if you need assistance. Fasco Inc. will negotiate in good faith with all qualified subcontractors. We can also negotiate quick pay or joint check agreements to help you participate on our projects and meet your cash flow demands. We strongly recommend that you review the general conditions in the specifications of the project you are interested in bidding on to understand the constraints of the project (i.e. insurance requirements, time frames, liquidated damages, etc.) to assure that the work is what your company can perform. Fasco Inc. will provide assistance and help you review these constraints and assist in any way possible.*

*Please send your contact information (address, phone, fax numbers and email address) and we will add you to our data base and keep you informed of upcoming projects. Please submit your bid to us no later than 10:00 a.m. on the bid date. Drawings and specifications will be available for review at our office and, when available, posted on our website. However, please note that Fasco Inc. takes no responsibility for the accuracy or omissions in the project documents.*

*Note: Effective July 1, 2009 HUB firms must be certified through the HUB office, under the SWUC (Statewide Uniform Certification) Program, to be listed in the database to be counted by local and state entities for HUB participation and reporting purposes. Contact the [North Carolina Office for Historically Underutilized Business](#) for more information and assistance in certification.*
